

Typical Globe Process Valve

Catalog 1010C-C

ENGINEERING YOUR SUCCESS.

Introduction

Parker Typical Global Process Valve designed and verified under ASME B16.34 and API 598 standard, Port connection per as ASME B16.11, B16.25, ASME class 2500&4500 pressure rate, working temperature up to 1200°F (649°C), provide excellent function performance to high pressure with high temperature pipeline system.

Features

- Integrate structure bonnet, robust safety design
- integral stuffing box frame Graphite packing
- One step removal of bonnet and packing material
- Rotatable disc provides excellent sealing ability
- Stellite disc and seat with long period cycle time
- Socket welding and Butt welding per ANSI B16.11/ANSI B16.25 standard
- Material: ASTM A105, ASTM A182 316H/F91/F92/F22

Remarks: Any other requirement, pls contact Parker

WARNING

FAILURE, IMPROPER SELECTION OR IMPROPER USE OF THE PRODUCTS AND/OR SYSTEMS DESCRIBED HEREIN OR RELATED ITEMS CAN CAUSE DEATH, PERSONAL INJURY AND PROPERTY DAMAGE.

This document and other information from Parker Hannifin Corporation, its subsidiaries and authorized distributors provide product and/or system options for further investigation by users having technical expertise. It is important that you analyze all aspects of your application and review the information concerning the product or system in the current product catalog. Due to the variety of operating conditions and applications for these products or systems, the user, through its own analysis and testing, is solely responsible for making the final selection of the products and systems and assuring that all performance, safety and warning requirements of the application are met.

The products described herein, including without limitation, product features, specifications, designs, availability and pricing, are subject to change by Parker Hannifin Corporation and its subsidiaries at any time without notice.

Offer of Sale

The items described in this document are available for sale by Parker Hannifin subsidiaries or its authorized distributors. Any sale contract entered into by Parker will be governed by the provisions stated in Parker's standard terms and conditions of sale (copy available upon request).
